

Nina Marie Sherrer

ACEF Director of Education
(American Canine Education Foundation)
United Kennel Club Judge
National Canine Assn Judge
States Kennel Club Judge

Nina has been in Weimaraners the longest, since 1981, but the longer she is in dogs, the more she sees the beauty of all the other breeds! She has shown and bred not only Weimaraners, but also German Shorthaired Pointers and has had the privilege of owning a Whippet.

Nina believes learning is a never-ending experience! As a result of this belief, and to become knowledgeable in many aspects of the sport of dogs, Nina took an active part in many clubs. These included All Breed Clubs, Obedience Clubs, Judges Associations, Specialty Clubs, Steward's Associations and National Organizations. She was a founding member of the Eastern WA Weim Club and has been Judges Education Chairperson for the Weim Club of America. She is currently active in the SCJA and ACEF where she was made Director of Education in early 2004. She is a UKC, NCA, and SKC Dog Judge.

She has attended many different seminars around the Country. These include obedience, conformation, handling, judging, rearing, socializing, breeding and behavior problem seminars. In March 2002, Nina attended the 4-day Advanced Sporting Group Seminar in KY put on by the ACEF. It was there that she donated copies of her 63-page booklet "*Sticking to the Standard" a Study of the Weimaraner*". This caught Col. Pedé's attention and she has been assisting with ACEF seminars since.

Mrs. Sherrer gives various presentation seminars and lessons as well as doing PAT's (Puppy Aptitude Test) and CAR's (Conformation Assessment Report). She has entered her dogs in AKC, CKC, UKC and SKC shows. She has bred many Champions including Futurity and Maturity winners, Winners Dog and Bitch, Best Brace at Nationals. She is the breeder of several HIT Weims, including Weim National HIT winners and is also the breeder of the **first AKC Triple Champion Weimaraner**.

A passion for learning, when not working on ACEF Institutes, a few of Nina's non-dog interests involve thrift shopping (bargain hunting), reading, organizing (you name it), interior decorating, landscaping, learning about computers and many crafts.

Nina has a 27 yr old married son in CO and a 22 yr old daughter in WA State. She currently resides in Colorado with her husband, Dave, an avid road and mountain cyclist, and their 9 year old son, Adam, whom she home schooled for 2nd & 3rd grades, a Weimaraner and a Lynx point Siamese cat.
